We need your help!

Autumn is officially here! The weather is changing and the leaves are falling. This week we will be learning about the changing seasons and the effects of autumn.

Unfortunately, due to the current Covid19 restrictions, we are unable to take the children on our autumn walk this year where we collect natural materials for them to explore.

However, this would be a fantastic opportunity for you and your child to enjoy an autumn walk of your own and help us by collecting lots of autumnal natural materials (conkers / leaves/ sticks/ pine cones etc) the more unusual the better.

Whilst out encourage your child to notice and talk about what they can see? How are the trees changing? Can they find different coloured leaves?

Please bring your autumn collection to the nursery next weekno matter how big or small your collection is.

Many thanks

THNS team
